Top Tips from Introduction to Alma:

- **The best way to learn Alma is to practice!**
- Alma is web-based, context-dependent, and offers to help you.
- Your location and your user roles affect what you can see and do.
- In Alma, materials have three record levels:
  - Bibliographic or Title
  - A middle level, either Holdings or Service/Collections
  - Items or Portfolios (for eResources)
- **Watch the wiki.** If you Watch a page on the wiki, you’ll be notified when it updates.
- Add the **Notifications** and **Tasks** widgets to your home page.
- If you have questions about Alma, **click on the LTS Support link** in the Notifications widget to send your question to LTS Support.
