SEAS Dropbox eligibility table

Requesting accounts for "Requires exception" categories

SEAS community members who fall into a category which “Requires exception” will need to be sponsored by a SEAS faculty member to receive a SEAS Dropbox account. The faculty or faculty administrator should send an email to ishelp@harvard.edu with the subject line “SEAS Dropbox exception request”. This email should contain the names and email addresses of the people who will receive the Dropbox accounts.

Paying for Harvard Dropbox accounts where not eligible for a subsidized account

Note that SEAS community members who are not eligible for a SEAS-funded Dropbox account may still be provided with an account if they or their department / lab will cover the $47 per-year cost per account. The process for this is still under development, but will be documented on this page when it is finalized.
